RENEKA

FAMILY COMPACT 1 & 2

Small in size, big in talent

Minimalism following modernism, the Compact range's aim was to create a concentrate of technology on a smaller, leaner coffee machine. The colour palette is varied, the options numerous and the Reneka savoir-faire upheld.

COMPACT SIZE to ease its adaptation to your space.

Because the performance of a machine does not depend on its size, discover all the Reneka technology in Compact version.

AROMA PERFECT easy insertion, automatic tamping and supports changes in dosage. The system locks the groups to reduce pressure on the seals and optimise maintenance costs. Patented by Reneka and standard on Compact range.

KEYBOARD VOLUMES and hot water. 4 choices of customizable volumes and a flush.

LATTE ART nozzle with temperature sensor. Make your milk foam easily, without ever burning it, thanks to the new Reneka patent.

4 programs for 4 types of foamed milk:

- | | |
|-------------|---------------|
| 1. Latte | 3. Cappuccino |
| 2. Hot Milk | 4. Flat White |
